GOLF

Golf Surround

High tenacity knotted netting 28mm square mesh. Ultra violet treated, strong and durable netting, that has a longer life expectancy than other specifications. (Available in any size required) Also, for nets that have to withstand strong winds, reinforcing ropes can be added as required.

Golf Impact

Golf impact knotted netting is manufactured from a top quality nylon that is able to withstand the energy and impact of golf balls struck at speed. Enclosures can be manufactured to any size and complete with curtain nets if required.

TENNIS

Tennis Nets

Manufactured from polyethylene braided or twisted knotted netting. All types of nets are available including club and competition tennis nets. If required nets can be supplied with double mesh reinforcing below the headband.

FOOTBALL

Football Goal Nets

All of Sicor's goal nets are made from synthetic cord which is UV stabilised to prevent sunlight degradation. The netting is both waterproof and shrink proof. Square mesh is used in our football nets for that professional look. A choice of International or Continental run back is available on some types.

All nets include cord lines to keep the back of the roof from sagging.

Sports Hall Netting

Available for indoor practice nets, divisional nets, canvases, and roof/lights/window protection nets. All UV stabilised polypropylene synthetic netting. Water shrink and sunlight resistant.

Heavy duty border cords are available to give extra strength. This product is very versatile and can be used for many indoor sporting activities.

Football Net Range

Senior Soccer Nets

7.5m x 2.5m (24ft x 8ft) at the goal mouth. International fitting 1.27m at roof, 2.9m at base. Continental fitting 1m at roof, 2.1 at base

Popular League

3.0mm thick white International
3.0mm thick white Continental

Heavy Duty Senior Club

2.5mm thick white International
2.5mm thick white Continental

Medium Club

2.0mm thick white International
2.0mm thick white Continental

Junior Nets

Five-a-Side nets
Seven-a-Side nets

Perimeter Fence Netting

2.5mm Dia PE netting made to any size required. All netting is UV stabilised. Mesh sizes and colours can be tailored to customer's requirements. Applications include Golf, Football, Rugby, Cricket, Tennis and General Sports Fields.

Cricket Nets

All UV stabilised synthetic netting. Water shrink and sunlight resistant. Comprise, heavyweight net, steel frames or wooden poles, guys, runners and pegs.

We can produce any size of bay, standard sizes are below:

- **Single Bay:** 11m wings, 4.5m back with 6 poles
- **Double Bay:** 5.5m outer wings, 11m centre wing, 9m back with 7 poles
- **Full Length Double Bay:** 3 x 22m wings, 9m back with 15 poles
